Washington, D.C. 20231

Sir:

Supplemental to the Information Disclosure Statement mailed August 8, 2001, applicants herewith cite the prior art cited on the enclosed Forms PTO/SB/08A and 08B which may be material to the patentability of the application.

Copies of the documents identified in the enclosed Forms PTO/SB/08A and 08B are enclosed with the exception of US 5,861,209 and EP 0 952 483 which are already of record in the application.

The patents were cited in the European Patent Office search report in the corresponding European application.

Each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this information disclosure statement.

In accordance with MPEP §§609 and 707.05(b) it is requested that each document cited be given thorough consideration, and that it be cited of record in the prosecution history of the present

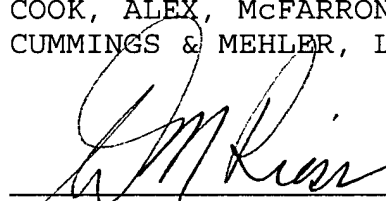

application and the patent to issue on the present application by initialing on the Forms PTO/SB/08A and 08B.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of any document herein is not to be construed as an admission that such document is necessarily relevant or prior art. Moreover, no representation is intended that any cited document represents the results of a complete search or that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a), and in the course of such search will review for relevance every document cited on the attached Forms PTO/SB/8A and 08B even if not initialed.
